HAVE A  
 MOMENT TO  
 SAVE TO  
 COMMEMORATE  
 YOUR  
 CENTENNIAL  
 ANNIVERSARY  
 WITH  
 US TO MARK  
 THE

I...

The Statue of Liberty was a gift given to us by France, who worked extremely hard on it, to celebrate the centennial of America's independence.

When it first arrived to America, however, it was in pieces and it needed to be reassembled.

This project needed a lot of money too so the citizens of NY and the statue assembly workers were reluctant to give funds.

"If NY can't assemble the statue, I can take over and assemble it in my home!" It seems this was said often at the time.

If they really had given up on assembling it at the time, the statue would of stood somewhere else. It would be strange to see it you think about it.

otherwise,  
the vision of America,  
young and old, gave  
direction and their  
cooperation with this project.  
What was thought not  
impossible at one point,  
the future of America was  
safely assured in 1941  
and my countrymen.

Thanks to  
everyone's  
efforts,  
we were able to  
assemble the  
station right here  
in 1941.

Because of it,  
it's a really  
beautiful  
project  
named  
"The Home  
for the Unhappy  
Child."

Thanking you  
for the money,  
all my love went  
to this  
world worth it.

I don't  
want  
any  
money  
at all.

Do you not  
feel the slight  
responsibility  
of me in  
the station  
may happen?

And thus the Statue of Liberty became a symbol to the many immigrants that watched over New York.

By the way, the Lady is a green person.

Seeing the Statue of Liberty up close was cool and had quite an impact, but if you view the statue from the ferry heading to Staten Island, it's magnificent.

Staten Island is also very interesting and it's a good island.

There's also another view of the statue from Brooklyn Heights Promenade that I recommend, though she does look a bit smaller from there.

There's a smaller statue of the Statue of Liberty in Paris, given as a thank you from the citizens of America lying easily next to a bridge in the Ile des Cygnes.

I went there to see it, but I forgot to take pictures of it :)

The number of times the Statue of Liberty has been destroyed in movies is **boasted**

The White House and the **two monuments above** also meet with a lot of **disasters**

On the opposite end **Mr. Tokyo Tower's** secure rate of survival in a world apocalypse scene is **abnormally high**

Handwritten text in a cursive script, likely a letter or document. The text is written in dark ink on a light background. The script is highly stylized and difficult to decipher. The text is organized into several lines, with some lines being longer than others. The overall appearance is that of a historical document or a personal letter.

**SPEAKING OF PITCH, AN AMUSING EPISODE INVOLVED THE CELL.**

During the celebration of the 199th anniversary about 40 Americans (members of the English company who were also in it) protested againstly "Warrior!" "You patient of defense goods to us 199 years ago!" "Apologies to America" Apologies", in which the English company's response was...

...It appears which a reply was given full of English-like humor
